Hi Julie. Welcome back! I hope that you were able to enjoy your time off. I don't mean to trouble you right off the bat but I had a quick question for you. Is there anyone that we can plead our case to or beg or bribe to let us keep the 5th GC/MS? It would be extremely beneficial to the drug lab to be able to keep the older machine. I'm not sure of the exact reason they want us to give it up. I've heard a couple things but nothing that really makes sense (not that the state always makes sense). It kind of seems like a no-brainer to me to let us keep it but maybe we don't have all the facts. Thanks Julie!
